

## VAGINOPLASTY FOR BIRTH DEFECTS OR SURGICAL COMPLICATIONS AND THE ORAL BUCCAL MUCOSA TECHNIQUE

**Saturday, July 19, 2014**

This workshop will identify common and rare female vaginal birth defects and help differentiate between old and new vaginoplasty techniques. We will demonstrate the new method of vaginoplasty using oral buccal mucosa via live surgery performance.

### **COURSE DIRECTOR:**

**Linda A. Baker, M.D.**

Professor of Pediatric Urology and Director of Pediatric Urology Research  
Children's Medical Center Dallas/UT Southwestern

### **FACULTY:**

**Ellen Wilson, M.D.** | Associate Professor of Obstetrics/Gynecology, UT Southwestern

### **MODERATOR:**

**Joao Luiz Pippi Salle, M.D.** | Head of the Division of Urology, Sidra Medical and Research Center

### **AFTER THE SESSION, ATTENDEES SHOULD BE ABLE TO:**

1. Recognize common and rare female vaginal birth defects.
2. Differentiate between old and new vaginoplasty techniques.
3. Demonstrate the new method of vaginoplasty using oral buccal mucosa via live surgery performance.

### **WHO SHOULD ATTEND:**

This course is designed for pediatric urologists, gynecologists (and pediatric gynecologists) and pediatric surgeons.

Registration online at [www.childrens.com/CME](http://www.childrens.com/CME) or call 214-456-2735

**ACCREDITATION** Children's Medical Center is accredited by the Texas Medical Association to provide continuing medical education for physicians.

**CREDIT DESIGNATION (CME)** Children's Medical Center designates this live activity for a maximum of 5 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

CME Office, E3.07  
1935 Medical District Drive  
Dallas, Texas 75235
